## **SECRET** 25X1 EAST GERMANY/U.S.S.R. MILITARY SOVIET AND E.G.A. ACTIVITY IN MECKLENBURG. 25X1 18 to 20 trailers were moving along Fernverkehrstrasse 108 from ROSTOCK and turned off along Fernverkehrstrasse 103 in the direction of GUSTROW. Attached at Appendix 'A' is a sketch of the trailers from which it may be seen that unusual 25X1 long, high and on top of the trailers were two rounded protuberances somewhat different broad. 25X1 in size. At the top rear of the trailers was a box-like attechment. The trailers were entirely covered with tarpaulins which appeared to have been made especially for the purpose as they fitted snugly over the protuberances and box-like attachment. 2. 25X1 GUMCIITZ are located a number of underground shelters which were used for storing ammunition during the last war. The immediate area is guarded by E.G.A. sentries but is not fenced off. Underground emplacements or shelters are being built in the RIBNITZ-DAMGARTEN area. The shelters are of concrete 25X1 Boxes and materials delivered to the site are all marked with the name "KIEL" to signify the code-name for the whole undertaking. Local rumour has it that a GW base is under construction. RECHET CONTROL BEFICIALS BALL 55 COPY
